

TRAINING & Utilization

Ensure On-Going Success

As Your Business Partner, Compulink is committed to helping you get the most from your practice management solution and success with EHR. That is why we offer the industry's best training and comprehensive services to help you fully utilize Compulink Advantage Software.

"Compulink's Training Specialist helped us design our EHR screens. He was full of great ideas to facilitate our EHR goals and the design help he has given us has been invaluable. As a result, I know that our doctors are able to continue giving our patients quality care in a time-efficient manner."

Katie Mendez, MediVision

Flexible Training Options

From convenient online courses to customized on-site training, Compulink offers a variety of training options to meet your specific needs. Our award-winning team of Training Specialists is available to assist and guide your staff every step of the way!

- **Free Online Training**
Convenient self-paced training. View or download over 85 pre-recorded courses on scheduling, eClaims, EHR E-prescribing & much more.
- **1-on-1 Web Based Training**
Live, instructor-led online training exclusively for your office on topics that are most important to you.
- **On-Site training**
Give your staff the personal attention they need by having a Training Specialist come to your office & work with your staff.
- **Accounts Receivable Training**
2-day on-site workshop designed to help your billing staff learn how to increase collections and improve AR. Includes a 6-month check-up to monitor your progress.

Utilization Services

Our commitment to your business doesn't end with training. We also offer a full range of services to help you fully utilize Compulink Advantage to increase efficiency, profitably and deliver better patient care.

- **Utilization Check-Ups**
Free annual evaluation of your Compulink Advantage system to help ensure you're making the most of its power to save you time and money.
- **New Hire Quick-Start Training**
Whether it's a new Optician, your Billing Staff or Administrator, we'll customize a training plan guaranteed to help new employees get up and running quickly.
- **Interim Staffing Solutions**
Billing manager just quit? Need extra help during your busy season? Our Training Specialists are available on-demand, via the Web to help staff key positions until you can hire a replacement. A very cost-effective alternative to temp staffing.
- **Table Maintenance**
Need help keeping up with fee schedule changes? Want to ensure you have the latest products and pricing available to quote? Let us do the work for you with our table maintenance service.
